

Emergency Notification Without Equal.

# RAPIDNotify

A comprehensive suite  
of **mass notification** and  
management services.

**Real-Time, Two-Way Communication Via  
Phone | Wireless | Email | SMS Text**

## **Get the word out. Quickly.**

Saving time can mean saving lives. **Rapid Notify** can help you do both.

Rapid Notify, Inc. has been providing Mass Notification Services for emergency and non-emergency communications to clients across North America for over 20 years.

Rapid Notify provides a comprehensive suite of mass notification and management services ideal for government agencies, municipalities, educational institutions, non-profit organizations, first-responders and businesses. The easy-to-use, web-based emergency notification system enables effective, real-time, two-way communication via telephone, email and SMS text messaging.

Rapid Notify offers reliable and cost-effective communication solutions to help people connect during a crisis, manage operational incidents and other communication activities.

# Rapid Notify offers a proven, cost-effective method to quickly communicate with the people who count on you for important information.

## Outstanding system features:

- Easy to learn and use **web-based dashboard** with free online training and 24/7 live customer support.
- A **fully hosted and managed system** with no hardware to purchase or additional phone lines required.
- Instant or scheduled alert delivery via **phone, wireless, email and SMS text message**, with available response capture via touch-tone surveys.
- **Unlimited Distribution Lists** for managing and filtering recipients.
- **Self-Registration** portal for capturing contact information from your own website with our client-branded form.
- Multiple levels of user access rights, including optional **Master/Sub-Account** structure.
- Precision alert delivery with our **Geographic Information System (GIS)**. Select recipients by map location whether it is by street, neighborhood, city or any other user-defined area.
- Optional **Automated Severe Weather Warnings**.
- Access detailed, **downloadable delivery and status reports** from your dashboard.
- Your Information is **Secure** with a firewall, SSL Security Certificate and 128-bit data encryption.

**We can help you.**

### Government Agencies

Alert employees and local citizens and communicate with first-responders in the event of an emergency.

### Educational Institutions

Communicate important messages with your staff, students and parents.

### Business Continuity

Minimize business interruptions by keeping your employees, tenants and customers informed.

### Utilities, Oil & Gas

Ensure the safety of your employees, customers and local citizens in the event of an emergency.

## Be prepared for:

Bomb Threats	Weather Warnings	Service Interruption	School Closings
HAZMAT Emergencies	Natural Disasters	Contaminated Water	Sick Child / Truancy
Terror Alerts	Merchant Fraud Alerts	Downed Power Lines	Schedule Changes
Evacuation Notifications	Missing Persons	Street Closings	General Communications
Police Activity	Scheduled Emergency Drills	Special Event Notifications	Marketing Messages

# Be Prepared.

We didn't invent communication; we just made it faster and easier.
